Intranet 365: The #1 Turn-key Intranet Solution for Office 365

Intranet 365 is the number one turn-key intranet solution built for Office 365. Organizations who are utilizing Office 365 from Microsoft are looking more and more for solutions that add-on and enhance their current Microsoft subscription.

Intranet 365

Click. Launch. Done.

Intranet 365 delivers a solution that focuses on employee engagement, mobility, security and ease of use for all of your internal users – whether they sit in Marketing, HR, IT or any other department.

With Intranet 365 you can expect:

- A product endorsed by Microsoft that drives more value out of your O365 subscription
- A branded, mobile-friendly and manageable intranet that takes hours to launch
- A solution focused on driving employee engagement, collaboration and productivity
- An 'App Based' interface that is as easy to use as your smartphone
- Built-in flexibility to evolve and expand your Intranet as your needs expand

In just a few short hours, Microsoft and Akumina will work together to stand up your very own instance of Intranet 365, allowing you to leverage SharePoint Online, Office Video, Office Graph and more.

> "The increased engagement we saw with Intranet 365 coupled with the ease of mobile access led to a 300% increase in weekly intranet traffic."
>
> - Sean Ryan, vice president of information technology at Big Brothers Big Sisters of America

With Intranet 365 you get over 25 out-of-the-box controls including:
